

The Challenge:

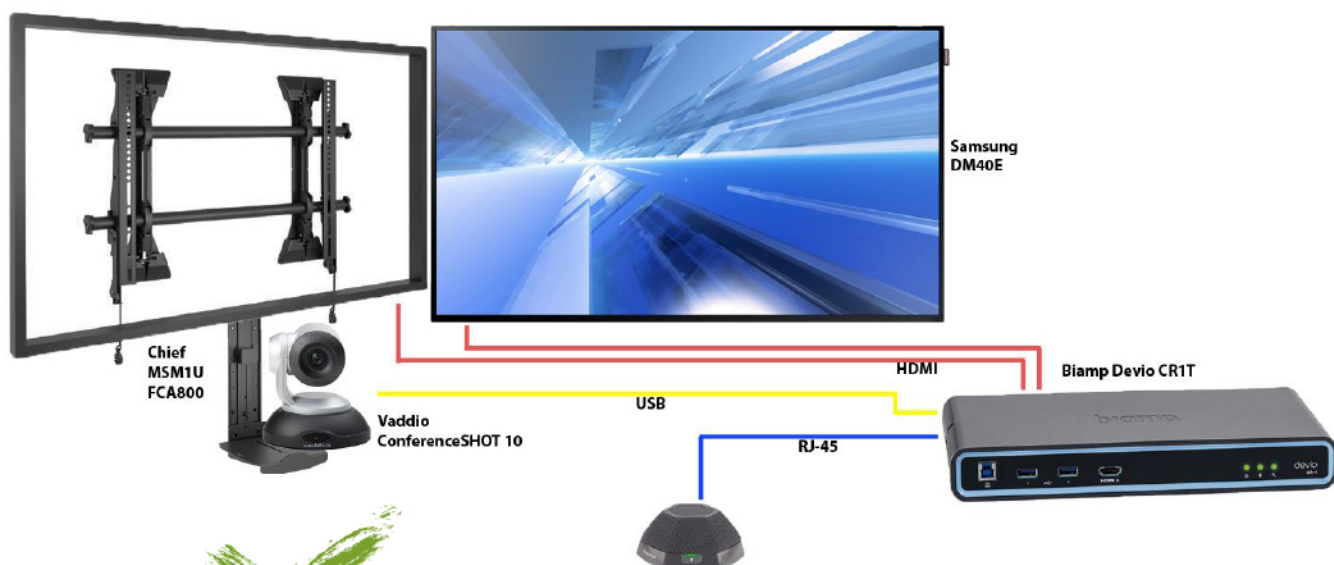

How to create a space suitable for the demands of the modern workforce and changing workplace?
Modern workplaces often lack huddle spaces for small team collaboration with easy connectivity for video collaboration and conferencing.

Our Solution:

Our huddle room solution is designed to work with any soft codec conferencing package including Skype, Zoom, WebEx, GoToMeeting, Hangouts and more

Product	Function
Biamp Devio CR1-T	CR-1 and microphone providing exceptional audio quality and simple laptop connectivity to the technology in the room.
Vaddio ConferenceSHOT10 USB	Enterprise-Class, high definition PTZ conferencing camera with high quality imaging, exceptional color reproduction and truly fine detail.
Samsung DM40E	Industry leading performance offers durable 24/7 usage. 450 nit brightness with crystal clear Full HD image quality and inbuilt digital signage platform.
Chief MSM1U & FCA800	Micro-adjustable static wall mount offers reduced installation time with enhanced post-installation stability and serviceability, improved cable management with redesigned endcaps. FCA800 videoconference shelf accessory can be mounted above or below the MSM1U
