

# Portable Classroom DESIGN GUIDE

## The Challenge:

To deliver a budget conscious, highly portable and interactive classroom technology solution that leans on the benefits of 'gamification' in education.

## Our Solution:

Offering great value, digital whiteboard, web browser and screen sharing makes the SMART Board MX series an essential tool for educators and allows for students to bring their devices into any learning environment. TeamMate's VariHite™ Screen Stand electrically height adjustable stand can be wheeled between various classrooms bringing the technology to a broader audience. Lumens' DC193 high-definition multimedia document camera makes presentations and teaching more fun and interactive to maximise student's cognitive development.

Product	Function
<a href="#">SMART Board MX275</a>	4K Ultra HD resolution, 10 simultaneous touch interactive display with embedded iQ appliance offering access to SMART Learning Suite applications, SMART Notebook® lessons, SMART lab™ activities and SMART amp® software workspaces.
<a href="#">TeamMate VariHite™ Screen Stand</a>	Electronic height adjustable display stand designed to fit through standard doorways. 135kg maximum lifting capacity. Secured with lock-down heavy-duty castors. 8U 19" x 150mm deep equipment rack at the base and a laptop support tray come as standard.
<a href="#">Lumens DC193</a>	20x zoom capability and a professional image sensor delivers vivid colours at Full HD 30 fps resolution. The jointless, highly flexible gooseneck enables a 360° viewing angle and the ability to view an object from just 3cm away.
<a href="#">Lumens DC-A07</a>	Microscope adapter for Lumens DC model document cameras.
<a href="#">Lumens DC-A03</a>	Padded carry bag for the Lumens DC range of document cameras.

HDMI Input
